Dear Sir.

I am the possessor of one of the rare sets (Barber & Morgan designs for the Mint-) pattern \$10. & \$5. Gold pieces of 1878. of great rarity and almost unique. From the most reliable information obtainable but 5 sets were struck. 1 is in the collection of Hon. S. J. Randall. 1 Mr Snowden, Supt. of the Mint. 1 in another Phila. Collection, once recently acquired by Mr L. G. Parmelee of Boston at \$200. and the one I own.

The pieces, 2 Gold Eagles and 2 half Eagles, are brilliant proofs in perfect preservation, and very beautiful, the one design was adopted for the Silver Dollar, and to be appreciated should be seen.

a Dr. Massamone of Balto. wanted me to
leave them with him to dispose of to you
See his postal enclosed.

I visit Balto. at times and if you will
write me when it would be convenient
for you to see me and inspect the pieces
I will call, and if you want them will
give you a bargain as I have no use
for them. Several dealers, notably a H.
P. Smith of My City want them.

Very respectfully.

Dear Sir.

About 2 weeks I addressed this want of proper information a letter to Robt. Garrett, Gp. Balt. & Ohio R. R. Co. upon the subject of 4 remarkable and rare Good Pattern Eagles & $\frac{1}{2}$ Eagles of 1878 Barber & Morgan's design.

Mr. Parmelee ^{of Boston} recently acquired a Set at \$200. but 5 Sets were struck. One is in the possession of Mr. Parmelee - One Mr. Snowden of the Mint - One Hon. S. J. Randace & one in another private collection not for sale & this of mine that is for sale as I am not a Gold

Collector. Dr. Massamora has seen them
& wanted me to let him dispose of them
To Mr. Garrett and I see I erred in sup-
posing it to be Robt. Garrett.

I would be pleased to let you inspect
them if you will inform me when you
could spare me ten minutes, I frequently
visit Balto. and will call when & where
you say.

These pieces are brilliant proofs, and of
most beautiful design & in perfect condition
and almost unique, and I will be very
modest in my figures though it is the
only set in the market. H. P. Smith, a
dealer in N.Y. wanted them badly as his
letters & telegrams in my possession will
demonstrate.

Very Truly Yours.

My Dear Sir.

I have within a few days come into positive and undeniable information that but two (2) sets in Gold were ever struck of the almost unique Pattern (Barber and Morgan designs) 1878 Eagles and half Eagles - one of which I sold Mr. Parmalee, and the other the set I submitted for your purchase thro St. Massachusetts and which I still own, and in time expect you to buy for the superb collection I hear you are making. Even the Mint Cabinet does not contain these extremely rare patterns in Gold, theirs being copper proofs only, and Copper and all there were not over 8 sets struck - two only in Gold. Mr. Parmalee's & mine.

I have no use for them & would like you to own

them, will sell for \$125. and give bond
to buy them back at \$100. any time, should
more than these 2 in gold turn up, the dies
hubs, &c. are destroyed I know.

I can satisfy you as to the commercial
value of my gaurantee.

I have had and can produce 3 separate
offers from Dealers at \$75.00 - \$85.00 and \$100.00
respectively, but for certain reasons I prefer
you to have them even though I get an offer
of \$125. from either of the 3.

I fear you think me a little importunate
but it is not from being pecuniarily pushed.
I can assure you, and judging by the prices
patterns sold for at Mair's Sale - these 4
gold patterns are cheap at \$250. and time
will certainly enhance their value.

Respectfully.
